FUEL CELL TECHNOLOGIES, INC.

Building Fuel Cell Testing Stations ***AT THE SPEED OF TECHNOLOGY***

(Power Levels up to 5.4KW)

Proton Exchange Membrane

Direct Methanol

**Fuel Cell Hardware Sizes:
5,10, 16, 25, 50, 100, 250 Sq. Cm.**

Solid Oxide

Regenerative F/C

**AC-Impedance Measurement
Capability for the following:
Single Cell
6-Cell Stack
29-Cell Stack**

Molten Carbonate

Zinc F/C

**Contact Information:
Corporate Office
9018 Berryessa Rd., N/E
Albuquerque, NM 87122
Phone: 505-821-4762
Fax: 505-857-9769
E-mail: fuelcell@aol.com**

***Representatives in the
following regions:
Europe & Scandanavia
Middle East
Japan
Asia (Includes: China, Taiwan,
Australia, Korea)***
